WE LOOK FOR PARTNERS

We aim to expand our distribution across Singapore - especially within major retailers - and establish our presence in the SEA Region within the HORECA sector.

To achieve this, we are looking for a strong partner and an experienced food-service company that can support our scale-up, open new channels, and bring our high-quality frozen pizza products to a wider market.

We contribute with **exceptional quality**, the ability to develop **custom products**, and a dedicated **sales support** curating customer relations as we grow together.
